

ACHIEVEMENTS OF IDSP FOR THE YEAR 2016 - 2017

- a) Collection of weekly epidemiological report from Government and Private Hospital, CHC, PHC, SHC and Sub-Centres. These reports are uploaded weekly to Central Surveillance Unit through IDSP Portal from each district by IDSP DEOs. The consistency of Reporting Units in submission of reports has seen a significant improvement during the year. Details given in Annexure I.
- b) Web Conferencing is held every week on Monday with Central Surveillance Unit and other States.
- c) Media Scanning and Verification Cell (MSVC) was established on July 2016 at SSU. The main objective is to scan media outlets for disease reports and confirmation of these reports. The compiled report is forwarded to CSU each week.
- d) 14 outbreaks were investigated during the year. The details of outbreaks investigated are given below.

Sl. No.	Disease	No. of outbreaks investigated
1	Food Poisoning (Soya bean)	5
2	Diarrhoea	1
3	Measles	1
4	Paederus Dermatitis caused by Rove Beetle	1
5	Dengue	6
TOTAL		14

- e) Two (2) trainings were conducted for Medical Officers, Staff Nurses and Pharmacists at Champhai and Kolasib districts.
- f) State Entomologist, IDSP attended Public Health Entomology (Diploma Course) training conducted for IDSP Entomologists at NCDC, Delhi. State Data Manager, IDSP attended 'Training on MDDS code updation' at CSU, IDSP, NCDC, Delhi.
- g) Scrub Typhus cases is collected from all districts by IDSP and reported to SSU. Details given at Annexure II.
- h) Due to outbreak of JE at Manipur bordering Mizoram, surveillance and public health action were undertaken at Sakawrdai PHC area by State Health department under the leadership of Dr. Pachuau Lalmalsawma, SNO, IDSP.
